Mentoring for Single Moms so they can learn to stop Surviving and Start THRIVING!

MAGAZINE

Single mother households are on the rise and very few publications are catering to their needs. Major publications and blogs offer an article here and there but have yet to fill the needs of this growing community. Well, that was until now. THRIVE Magazine is a publication created especially for single mothers by others who are living the same life. THRIVE highlights and illustrates exactly what its name suggests; single mothers who are THRIVING while giving tips, tricks, encouragement and motivation for other single mothers to begin and continue on their own personal THRIVING journey. THRIVE Magazine focuses on THRIVING Spiritually, Emotionally, Physically & Financially.

THRIVE Magazine launched in January 2017 and has since released 5 issues. Every issue of the magazine contains articles, stories, and advice from single moms across the world. We also have two special "mini-mag inserts" "Stylized THRIVE" all about fashion, beauty and getting our style back and "Kids Play" where the kids of single moms get to use their voice. THRIVE has been greatly received by everyone not just single moms which has lead to having over 3k views in such a short amount of time.

Mothers have always had the buying power in homes, and it is no different with single mothers. So why not put your business in front of those who have the buying power.
