Mentoring for Single Moms so they can learn to stop Surviving and Start THRIVING!

Thank you for your interest in contributing to THRIVE Magazine. We are a magazine for Single mothers by Single mothers. Single mother households are on the rise and very few publications are catering to their needs. Major publications and blogs offer an article here and there but have yet to fill the needs of this growing community. Well, that was until now. THRIVE Magazine is a publication created especially for single mothers by others who are living the same life.

THRIVE highlights and illustrates exactly what its name suggests; single mothers who are THRIVING while giving tips, tricks, encouragement and motivation for other single mothers to begin and continue on their own personal THRIVING journey.

THRIVE Magazine focuses on THRIVING Spiritually, Emotionally, Physically & Financially. Every issue also includes a "Style Resuscitation" insert because every mom is looking to bring life back to her style quickly and without killing the budget. And since we know the most important part of every single mother's life is her children every quarter we have an insert just for them created by children just like them.

If you are interested in submitting for THRIVE Magazine please forward your article by the due date to be considered. See below for issue titles and due dates.
